

Velika logična pošast

Množenje – poišči število pik

Število pik na sliki moramo predstaviti v obliki $a \times b$ ali $b \times a$
Tu je a število vrstic, b pa število pik v vrstici.
Ali pa je b število stolpcev in a število pik v vrstici.
Nato izračunamo zmnožek.
